New Demo Application

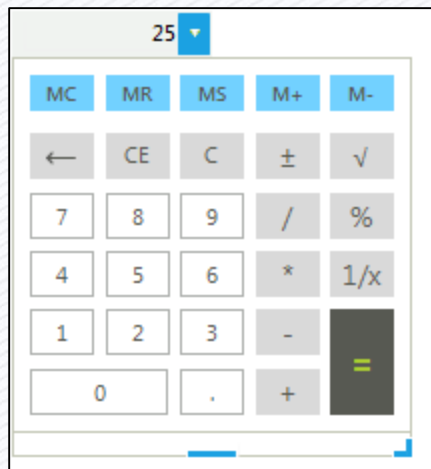

- Adheres to the latest usability trends
- 230+ source code and application samples
- Collapsible menus and options pane
- Search with autocomplete
- Visual preview of some samples through tile images

Multiple Ranges with RadTrackbar

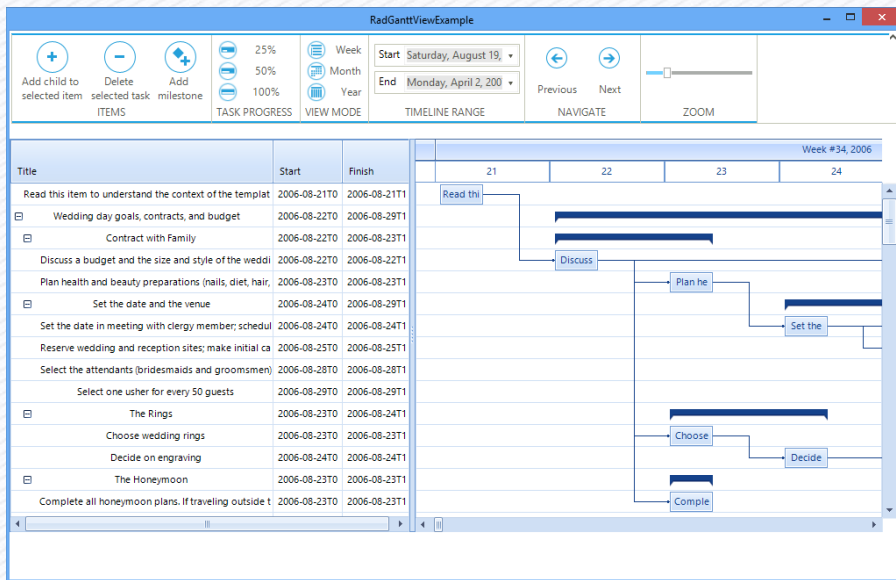

- Enhanced control
- Different modes available
- Multi-range support

RadCalculatorDropDown

- Previously available as an editor in RadGridView
- Now included in the Visual Studio toolbox as a stand-alone control

Sneak Peek at RadGanttView

- Control coming soon
- Track full projects
- Tasks, dependencies, % complete

Demos

Resources

- Telerik
 - <http://www.telerik.com/>
- Documentation / Demos / Forums, etc.
 - <http://www.telerik.com/winforms>
- JustDecompile (Free Product)
 - <http://www.telerik.com/justdecompile>

The DevCraft Collection
