## Developer Skills

### DEPLOYMENT

docker, kubernetes

**8 months**

### DEVOPS

continuous deployment, azure devops, github, continuous integration, devops

**1 years & 3 months**

### LANGUAGE

c#, visual studio, visual studio code, yaml

**1 years & 3 months**

### MOBILE STACK

ionic

**8 months**

### PERSISTENCE

entity framework, sql, sql server, sql server mangement studio

**1 years & 3 months**

### PRESENTATION

hypertext markup language, sass, javascript, angular, blazor, postman, typescript

**1 years & 3 months**

### SERVICE

linq, asp.net mvc, domain driven design, command–query separation, fluent validation, mediatr, restful, representational state transfer, swagger, web.api, service oriented architecture, clean architecture

**1 years & 3 months**

### UNIT TEST

autofixture, fluent assertions, mock, nunit, test driven development, xunit, unit test

**1 years & 3 months**

## Competence Skills

### AGILITY

agile, scrum

1 years & 3 months

### ANALYSIS

use case, analysis

8 months

## Professional Experiences
