

## Telerik PivotGrid Bug

### Test Cases

#### Preconditions

Kendo Version	Dojo Sample
<a href="http://cdn.kendostatic.com/2014.2.716/js/kendo.all.min.js">http://cdn.kendostatic.com/2014.2.716/js/kendo.all.min.js</a>	<a href="http://dojo.telerik.com/@ggkrustev/EClx">http://dojo.telerik.com/@ggkrustev/EClx</a>
<a href="http://cdn.kendostatic.com/2014.2.903/js/kendo.all.min.js">http://cdn.kendostatic.com/2014.2.903/js/kendo.all.min.js</a>	<a href="http://dojo.telerik.com/@ggkrustev/EClx">http://dojo.telerik.com/@ggkrustev/EClx</a>

#### **Test Case TC1: Expanding / Collapsing Columns, visual elements**

##### Kendo Versions:

<http://cdn.kendostatic.com/2014.2.716/js/kendo.all.min.js>

<http://cdn.kendostatic.com/2014.2.903/js/kendo.all.min.js>

##### Description:

This test case should test the expanding / collapsing functionality of Kendo UI PivotGrid (beta).

##### Goal:

The column data should be shown the correct details and should hide those while collapsing

##### Steps to reproduce, expected results

- a) Run the demo by pressing the „Run“ button
- b) Expand the column „All Products“ below the category „Beverages“  
==> Products shown: „Chai“, „Chang“, „Guarana Fantas..“, „Sasquatch Ale“, „Steeleye Stout“, „Cote de Blaye“, „Chartreuse verte“, „Ipoh Coffee“, „Laughing Lumb...“, „Outback Lager“, „Rhönbräu Klost...“, „Lakkalikööri“
- c) Collapse the column „All Products“ below category „Beverages“  
==> Products shown: „All Products“
- d) Expand the column „All Products“ below the category „Beverages“ again  
==> Products shown: „Chai“, „Chang“, „Guarana Fantas..“, „Sasquatch Ale“, „Steeleye Stout“, „Cote de Blaye“, „Chartreuse verte“, „Ipoh Coffee“, „Laughing Lumb...“, „Outback Lager“, „Rhönbräu Klost...“, „Lakkalikööri“
- e) Expand the column „All Products“ below the category „Produce“  
==> Products shown: „Uncle Bob's Org...“, „Tofu“, „Rössle Sauerkr...“, „Manjimup Dried...“, „Longlife Tofu“
- f) Collapse the column „All Products“ below category „Produce“  
==> Products shown: „All Products“
- g) Expand the column „All Products“ below the category „Produce“ again  
==> Products shown: „Uncle Bob's Org...“, „Tofu“, „Rössle Sauerkr...“, „Manjimup Dried...“, „Longlife Tofu“

**Test Case TC2: Expanding / Collapsing Columns, calculations**

Kendo Versions:

<http://cdn.kendostatic.com/2014.2.716/js/kendo.all.min.js>

<http://cdn.kendostatic.com/2014.2.903/js/kendo.all.min.js>

Description:

This test case should test the expanding / collapsing functionality of Kendo UI PivotGrid (beta).

Goal:

The column data should be shown the correct details (calculations) and should hide those while collapsing

Steps to reproduce, expected results

- a) Run the demo by pressing the „Run“ button
- b) Total shown in column „All Products“ below category „Beverages“: \$451.25
- c) Total shown in column „All Products“ below „All Categories“: \$1844.67
- d) Expand the column „All Products“ below the category „Beverages“
  - ==> Products shown: „Chai“, „Chang“, „Guarana Fantas..“, „Sasquatch Ale“, „Steeleye Stout“, „Cote de Blaye“, „Chartreuse verte“, „Ipoh Coffee“, „Laughing Lumb...“, „Outback Lager“, „Rhönbräu Klost...“, „Lakkalikööri“
  - ==> Values shown: \$18.00, \$19.00, (none), \$14.00, \$18.00, \$263.50, \$18.00, \$46.00, \$14.00, \$15.00, \$7.75, \$18.00
- e) Total shown in column „All Products“ below category „Beverages“: \$451.25
- f) Total shown in column „All Products“ below „All Categories“: \$1844.67
- g) Collapse the column „All Products“ below category „Beverages“
  - ==> Products shown: „All Products“
  - ==> Values shown: \$451.25
- h) Total shown in column „All Products“ below „All Categories“: \$1844.67
- i) Re-Run the demo by pressing the „Run“ button
- j) Total shown in column „All Products“ below category „Produce“: \$116.25
- k) Total shown in column „All Products“ below „All Categories“: \$1844.67
- l) Expand the column „All Products“ below the category „Produce“
  - ==> Products shown: „Uncle Bob's Org...“, „Tofu“, „Rössle Sauerkr...“, „Manjimup Dried...“, „Longlife Tofu“
  - ==> Values shown: \$30.00, \$23.25, (none), \$53.00, \$10.00
- m) Total shown in column „All Products“ below category „Produce“: \$116.25
- n) Total shown in column „All Products“ below „All Categories“: \$1844.67

## Telerik PivotGrid Bug

### Test Cases

---

- o) Collapse the column „All Products“ below category „Produce“  
==> Products shown: „All Products“  
==> Values shown: \$451.25
- p) Total shown in column “All Products” below “All Categories”: \$1844.67

### Test results

Kendo Version	OK?
<a href="http://cdn.kendostatic.com/2014.2.716/js/kendo.all.min.js">http://cdn.kendostatic.com/2014.2.716/js/kendo.all.min.js</a>	Yes Products are shown as expected Values are shown as expected
