Key Benefits

Well-Equipped for Every Project & Technology

Get 1,250+ .NET and JavaScript components for building feature-rich and professionally designed web, desktop, and mobile apps in less time and with less effort. Plus a complete .NET Embedded Reporting.

Sleek & Customizable UI Across Web, Desktop, Mobile & Cross-Platform

Standardize the look and feel of your applications across the board. Out-of-the-box themes and limitless customization options allow you to quickly present engaging and inclusive UI to your users.

Speed Up Development Time & Improve Productivity

Simplify your everyday software development tasks. Cut down up to 50% of the development time, increase productivity, and follow the latest technology and user experience trends.

Industry-Leading & Flexible Technical Support & Resources

Review demos, tutorials, feature descriptions, code samples, and detailed APIs. Benefit from leading support even during your free trial, extensive documentation, and community forums.

The Only Bundle You Will Ever Need

.NET UI Libraries

- Web: Blazor, ASP.NET Core, ASP.NET MVC, ASP.NET AJAX
- Desktop: .NET MAUI, WPF, WinForms, WinUI, UWP
- Mobile: .NET MAUI, Xamarin
- Document Processing Libraries

JavaScript UI Libraries

Embedded Reporting, Mocking & Automated Testing Tools

- Embedded Reporting & End-to-end Report Management
- Automated Testing tool for developers
- Mocking tool

Trusted by NASA, HP and Millions More

Uncompromised quality from 15+ years of helping millions of developers create beautiful user experiences for mission critical applications. We live with your daily challenges, striving to solve them with the best products, predictable release cycles (three per year) and support within hours.

“The DevCraft suite has helped us cut our development time by 40%, which is pretty significant.”

Jared Bazzier
Software Developer, **SoDak Labs**

“With DevCraft Ultimate, we’ve really transformed the way our end users can find, view and access our data.”

Tom Stein
Operations Manager and Senior IT, **NASA**

“To say that using DevCraft Ultimate slashed our development time is an understatement. Not only did the competing tools lack so many of the functions and features... they were not robust enough to support us even with the tools they did offer.”

Tom Stein
Operations Manager and Senior IT, **NASA**

“We’ve been very pleased with the Telerik .NET controls and will continue to incorporate them into our application. As it stands, we take part in monthly functionality updates to ensure we always have the latest and greatest. Our long-term goal is to get this app to a larger market and we’re confident that this will happen, with the help of Telerik DevCraft.”

Ponce Kenton
Vice President of Engineering, **McKesson**

About Progress

Progress (NASDAQ: PRGS) provides the leading products to develop, deploy and manage high-impact business applications. Our comprehensive product stack is designed to make technology teams more productive and enable organizations to accelerate the creation and delivery of strategic business applications, automate the process by which apps are configured, deployed and scaled, and make critical data and content more accessible and secure—leading to competitive differentiation and business success. Learn about Progress at www.progress.com or +1-800-477-6473.
